dannyf620@gmail.com

Danny is an Electronic Engineer with a Master's degree in Data Science, boasting over 6 years of experience as a Software Developer. Specializing in Front-End development, he has proficiently utilized a wide array of technologies including Node.js, Typescript, Angular, React.js, Flutter, MongoDB. Passionate about fostering team growth and learning, Danny exhibits exceptional communication skills and thrives in making critical decisions amidst challenges.

Skills

HTML5★4 React★3 JavaScript★5
Matlab★4 NodeJS★4 Neural
Networks★2

(*)[The skill scale is from 0 (Fundamental Awareness) to 6 (Expert).]

Interests

Swimming my favorite activity, I like to spend free time in personal programming and electronic projects, fly drones, and ride a motorcycle

Education

| | | |
|-----------|--|--------|
| 2011-2016 | Electronic Engineer Universidad Distrital Fancisco José de Caldas Cra 7 # 40 -53 | Bogotá |
| 2004-2009 | High school I.E.D. Republica de Colombia Cra 69c # 69 - 20 | Bogotá |

Publications

| | |
|------|--|
| 2017 | Implementation of an integral platform for management of irrigation systems. |
|------|--|

Awards

| | |
|------|---------------------|
| 2017 | Meritorious thesis. |
|------|---------------------|

Languages

| | |
|---------|----------|
| Spanish | Native |
| English | Advanced |

Experience

| | | |
|-----------|---|------------|
| 2020-Now | [GLOBANT - Colombia] Senior software developer My role extended to developing a monitoring platform for Disney Parks apps, leading front-end development, mentoring juniors, and driving quality through code reviews. I also ventured into cross-platform development with Flutter, showcasing flexibility and innovation in tech solutions. [Vue Js, Pinia, Flutter, Angular, MongoDB, Jenkins, NodeJs, AWS, Docker] | 3 yrs + |
| 2019-2020 | [ZINOBE - Colombia] Ssr Adv Software engineer As a Software Engineer, I played a key role in the ideation and development of a groundbreaking financial product for SMEs. Including admin panel for staff. | 1 yr 6 mos |
| 2019 | [BIZAGI - Colombia] Software engineer As a Front End Developer at BIZAGI, I was in the development of the company's flagship portal, 'Workportal'. My role encompassed implementing user-friendly features, ensuring optimal performance and responsiveness, and collaborating closely with cross-functional teams to align the portal's functionality. [Angular 8, Redux, C#] | 7 mos |
| 2017-2018 | [RCN RADIO - Colombia] Senior Front End development Developer of the main RCN RADIO platforms, creation of components and integration of general services with the digital production team. [Drupal, JQuery, Angular 2, MongoDB, NodeJs] | 1y |

Other information

Development of advanced skills in programming language, database management, HTML5, CSS, Typescript, Javascript, Node.Js, Angular, Vue.js Flutter, MongoDB database manager, MATLAB management, among others.

Developer of microcontrollers Freescale HC08 family , embedded systems, Cypress PSoC 1, 3, 4 and 5 with great skill

Analyze alternatives and solve problems of electronic engineering, using technological tools

I demonstrate great skill in tools such as angular, React Js, unit tests, ngrx, angular-redux, TanStack, libraries among other features of different frameworks
