About Me

I am a dedicated JavaScript Software Developer with extensive experience in both front-end and back-end development. My passion lies in crafting efficient and elegant solutions, staying updated with the latest technologies to deliver high-quality software. I thrive in collaborative environments and aim to contribute my expertise to impactful projects.

Experience

DECEMBER 2023 - Ongoing

Bevalty, San Francisco, CA. USA – *Semi-Senior Developer. Part-Time Position*

- Lead the development of a new web app from inception to deployment using Next.js and React.
- Collaborate closely with one team member to ensure efficient project progress.
- Ensure high code quality through regular reviews and adherence to best practices.
- Flexible part-time hours, providing a unique opportunity to contribute to a dynamic project.
- *Stack: NextJs, React, AWS.*

DECEMBER 2023 - Ongoing

Massive Networks, Denver, CO. USA – *Senior Developer. Part-Time Position*

- Drive the development of a bespoke User Interface for Massive Networks, leveraging React, NextJs and Google Maps.
- Independently manage client requests, ensuring a streamlined development process.
- Maintain code excellence through self-reviews and adherence to industry best practices.
- Work autonomously in a part-time capacity, delivering a tailored solution for a prominent infrastructure provider.
- *Stack: React, NextJs.*
