

## Sr. Frontend Developer

**Name:** Damian Bejarano Jaque

**E-mail:** [damianbejaque@gmail.com](mailto:damianbejaque@gmail.com)

**Phone:** (+57) 318-4470219

Experienced Front End Developer with a specialization in React and Next.js. Skilled in building scalable web applications, performance optimization, and applying best practices like TDD. Proficient in JavaScript, TypeScript, and tools like Jest, Redux, Context API, and Hooks. Agile team player with strong communication skills in both English and Spanish.

### TECHNICAL SKILLS (Years Experience)

**Frontend:** React(5), Next.js(2), JavaScript(7), TypeScript(2), HTML(7), CSS(7), Sass(5), Bootstrap(4)

**Tools & Frameworks:** Jest(5), Redux(2), Context API(3), Hooks(3), Webpack(1), Git(7), GitHub(7), AWS Cli(1), Docker(2)

**Testing & Methodologies:** Unit Testing(4), Integration Testing(1), TDD(2), Agile (Scrum, Kanban) (7)

**Languages:** Spanish (**Native**), English (**Advanced**)

### WORK EXPERIENCE

#### *Perficient*

**Bogotá- Colombia**

Ago

#### ***Sr. Software Developer***

2022-Present

**Technologies Used:** React, Next.js, JavaScript, TypeScript, Jest, Context API, Redux, Hooks, Agile, TDD, CSS3, HTML5, Docker, AWS Cli, Kubernetes

- Developed scalable web-based applications using React, Next.js, and modern JavaScript/TypeScript.
- Implemented advanced React concepts such as Hooks and Context API to improve app performance and maintainability.
- Utilized Jest and TDD to ensure code quality and performance across devices.
- Collaborated with cross-functional teams to support design processes and contribute to technical decision-making.
- Applied Agile methodologies and best engineering practices across multiple projects, consistently meeting project timelines and goals.

#### *Wizeline*

**Bogotá- Colombia**

Sep

#### ***Software Engineer III Developer***

2021-July 2022

**Technologies Used:** React, JavaScript, TypeScript, Jest, Context API, Redux, Hooks, Agile, CSS3, HTML5, AWS Cli, Docker

- Spearheaded the development of new features and enhancements for web applications using React.
- Analyzed business requirements, created detailed code specifications, and designed digital solutions.
- Ensured application quality by overseeing test data preparation, testing, and debugging.
- Collaborated on the creation of technical procedures and user guides to improve operational efficiency.

- Achieved a 15% reduction in bug occurrences through rigorous testing and proactive issue resolution.

## **Globant**

**Bogotá- Colombia**

**Mar 2020–  
Sep 2021**

### **Web UI Developer**

**Technologies Used:** React, Webpack, HTML, CSS, JavaScript, TypeScript

- Developed and implemented solutions for client-specific tools using React, resolving incidents promptly.
- Identified and implemented improvements, such as updating Webpack and other tools to enhance performance.
- Designed and structured responsive web pages using HTML, CSS, and JavaScript.
- Contributed to the development of an internal application, Minion, built with TypeScript, streamlining integrations with internal systems like Slack.

## **Owen-Illinois**

**Medellín- Colombia**

**Aug 2019–  
Mar 2020**

### **Technical Analyst I – Intmd**

**Technologies Used:** ServiceNow, JavaScript, XML, HTML, CSS, AJAX, HTTP

- Developed and implemented solutions using ServiceNow and React to automate processes and reduce operational costs.
- Designed and structured web pages using markup languages for enhanced responsiveness and accessibility.
- Configured web services in the EAM platform using JavaScript, HTML, CSS, and HTTP, improving service efficiency.
- Collaborated with IT service management teams to configure and administer tools and processes.

## **Novo/Scale**

**Bogotá- Colombia**

**Jun 2017–  
July 2019**

### **ServiceNow Developer**

**Technologies Used:** ServiceNow, JavaScript, XML, HTML, CSS, AJAX, HTTP

- Developed and configured various ServiceNow modules, applications, and tables to meet client requirements.
- Ensured a positive client experience through effective communication and technical support.
- Configured web services in the EAM platform and worked extensively with JavaScript, XML, HTML, AJAX, CSS, and HTTP.
- Improved service management processes and performed tool configuration and administration, enhancing system efficiency.

## **American Business USA**

**Bogotá-Colombia**

**Nov 2016  
–Jun 2017**

### **Frontend Developer**

**Technologies Used:** JavaScript, XML, HTML, AJAX, CSS, PHP, MySQL

- Led application design and development using JavaScript, XML, HTML, AJAX, CSS, and PHP.
- Developed and maintained a platform for a global flower marketplace, enabling clients and administrators to manage operations seamlessly.

## **Ika Consultores**

**Bogotá-Colombia**

**Apr 2016 –  
Dic 2016**

### **PHP Developer**

**Technologies Used:** PHP, JavaScript, MySQL, HTML, CSS, GUI Design

- Led a team in the daily development activities of PHP-based applications.
- Designed and developed server-side web application logic and back-end components.
- Built functional and appealing web and mobile applications focused on usability.
- Provided ongoing maintenance and enhancements for websites.
- Utilized PHP, JavaScript, MySQL, and GUI design for product development and issue remediation.

## **Education & Certifications**

**Udacity React Nanodegree (2020)**

**Ingeniería de Sistemas - Universidad de Bogotá Jorge Tadeo Lozano (2019)**

**Técnico en Sistemas - SENA, San José del Guaviare (2016)**

### **Additional Certifications:**

- ITIL Fundamentals: Service Transition (LinkedIn)
- JavaScript Object-Oriented Programming (LinkedIn)
- ServiceNow System Administrator (Service-now)
- Scrum Fundamentals (ScrumStudy)
- Complete Intro to React, v5 (FrontEnd Masters)
- Webpack 4 Fundamentals (FrontEnd Masters)
- Curso de React.js, Git & GitHub, Webpack, ECMAScript 6+ (Platzi)
