

Yamid Granda

Senior Front-End Developer

Manizales, Caldas, Colombia (UTC -5)

(+57) 3155340563

cyperez51@misena.edu.co

<https://www.linkedin.com/in/yamid-granda>

Front-End Developer with **+6 years** of experience using **Typescript, React, Vue.js, Unit/E2E Testing**, and **CSS**. Interested in creating **world-class** user interfaces. I'm looking for **remote** positions in innovative environments.

EXPERIENCE

Playvox - California - United States — April 2019 - Present

Senior Front-End Software Engineer — November 2021 - Present

- Achieved 1 million in ARR in 2 months (record deadline) by building the software requirements for the new client (Chime).
- Micro leader and mentor to 8 Front-End developers, being dev support to my partners.

Tech Stack: Vue.js 3, Typescript, Sass, Jest, Cypress, AWS, Serverless, Gitlab CI, Storybook, Vite, Scrum

Senior Front-End Developer — November 2020 - November 2021

- Improved by 50% the front-end development speed by implementing micro Front-Ends isolated environments.

Tech Stack: Vue.js 3, Typescript, Sass, Jest, Cypress, AWS, Serverless, Gitlab CI, Storybook, Vite, Scrum

Semi Senior Front-End Developer — December 2019- November 2020

- Improved by 50% the front-end development speed by creating the company Comments Library design system.
- Increased by 85% the code test coverage by implementing unit testing and TDD mandatory process.

Tech Stack: Vue.js 3/2, Typescript, Sass, Jest, AWS, Serverless, Gitlab CI, Storybook, Scrum

Junior Advanced Front-End Developer — April 2019- December 2019

- Increased SaaS sales by prospect from 2 of 10 to 8 of 10 by building in record time each of the specific software required features in the main suite module.

Tech Stack: Vue.js 2, Javascript, Sass, Scrum

Newshore - Barcelona - Spain, Semi Senior Front-End Developer — September 2017- April 2019

- Reduced by 90% development and maintenance costs of each new Airline Booking Solution by implementing a SaaS model with multi Airline support and creating an own Multi Design components library implemented in Airlines like Jambojet, HK Express, Paranair, and others.
- Led and mentored 4 Front-End developers, being dev support to my partners

Tech Stack: Typescript, Angular 2, Vue.js 2, Jest, Sass, Storybook, Scrum

PROJECTS

goalflags.com - <https://goalflags.com/> — January 2022

- GoalFlags is a production SaaS free time study side project, created to easily build other SaaS applications using the same components, modules, stack, and experience.
