

ABOUT ME

I am a responsible and dynamic professional, with ease of adaptation. I enjoy constant learning, which has meant for my professional career, a great advantage to the extent that I put special interest in innovation and improvement of the tasks and processes in which I get involved. I have experience in the entire software lifecycle, with emphasis on clean and highly scalable architectures under On-premises and Cloud environments.

SKILLS

JEE, J2EE, EJB, HTML5, CSS3, JAVASCRIPT, SPRING FRAMEWORK, ANGULAR JS, REACT, JUNIT, JMETER, JIRA, MAVEN, GRADLE, GIT, SVN, POSTGRESQL, MYSQL, ORACLE DB, SQL SERVER, SOAP WS, RESTFUL APIS, OAUTH 2.0, WSO2, RABBITMQ, KAFKA, ORACLE SOA SUITE, AMAZON WEB SERVICES, DOCKER, KUBERNETES, KOTLIN

ILUMNO

Sep 2020 - Oct 2020

Freelance Consultor

- SOA - WSO2 solution architecture, AWS - WSO2 high availability design, implementation and deployment, Java / Spring Boot / WSO2 development, Jenkins CI/CD implementation, Production support.

**EXSIS SOFTWARE Y
SOLUCIONES**

Apr 2020 - Aug 2020

Consultor

- Client: ILUMNO. SOA solution architecture - WSO2, WSO2 high availability design, implementation and deployment, Java 1.8/WSO2/RabbitMQ integration development, GitLab CI/CD implementation - GitHub, JIRA incident control, SQL Server development.

AOS S.A.S

Aug 2019 - Mar 2020

SOA Architect/Designer

- Client: Grupo Bancolombia. SOA architecture design LifeCoach Project, Creation of SOA - AWS implementation signatures and standards, SCRUM Product Owner of integration cell (AWS + Azure + IBM Bluemix), AWS RDS + S3 + EKS + CloudFormation architecture support.

ENTELGY COLOMBIA

Aug 2018 - Aug 2019

Senior Technical Consultant

- Client: Itaú Colombia - Digital Transformation, Design of contracts, signatures and SOAP and REST services schemes, Analysis and design of SOA architecture and governance, Development of SOAP services in Oracle SOA Suite - OSB/BPEL 12c, Analysis and development of JAVA 1.8 JAXWS-Jersey web services, Git and SVN repositories.

SOAINT COLOMBIA

Mar 2018 - Aug 2018

Senior Technical Consultant

- Banesco Panama - Desacopla. Analysis of integration services, Development of RESTful Spring Framework - Java 1.8 services, Design of contracts, signatures and SOAP and REST services schemas, Development of SOAP services in Oracle SOA Suite - OSB/BPEL 12c - XSLT, XQUERY, XPATH, MFL, JSON, Configuration of OracleDB, SQLServer, IBM MQ connectors in Oracle SOA Suite - OSB - Weblogic 12c, SVN repositories, SCRUM framework.

STEFANINI I&T

Nov 2017 - Mar 2018

Senior Software Developer I

- Client: Colpensiones. Retirement pay processing requirements analysis, Java EE SOA architecture design, EJBs and Webservices SOAP - RESTful development, OAuth2.0 Spring Security module development, Spring MVC RESTful accounting module development, AWS SDK module development in Java 1.8, JUnit unit testing, Docker container configuration and deployment, SONAR coverage, Git and SVN repository, SCRUM framework.

**REDES Y SISTEMAS
DE COMUNICACION
(NETCOM) S.A.S**

May 2016 - Nov 2017

Senior Software Developer

- Client: Redeban Multicolor. Requirements analysis, Design and analysis of the solution, Development of JAX-WS WEB Services, Development of JAX-RS REST services, Development PL/SQL + Java EE + Spring Framework + Angular 2, Junit Unit Testing, Installation and configuration of CENTOS/RedHat Enterprise Environments, Solution Architecture Design (SOA patterns), Installation and configuration of WSO2 environments and containers, Analysis and development of

MIURA Key Exchange functionality (MIURA SYSTEMS + HP Atalla Hardware Security Module + Java EE+ CXF + Jersey), SonarQuebe integration, Development of SOA integration in WSO2 ESB + WSO2 Api Manager + WSO2 DSS + WSO2 Identity Server, Deployment of WEB portal in AWS EC2 + ALB + Route53.

TICXAR S.A.S

Mar 2015 - Feb 2016

● **Software Analyst**

- Client: Colsanitas, Develop SOAP/REST/HL7/SAP message transformation over WSO2 ESB, Develop SOA integrations on WSO2 ESB + WSO2 DSS + WSO2 AM + WSO2 IS, Deploy applications and web services over WSO2 AS application container, Develop Java components, J2EE, Spring Framework, Bootstrap, HTML5, MySql, Develop REST/SOAP services on JAXB/JAXWS, Load testing with JMeter, SOA Architecture Analysis, Java/Liferay user portal development, SCRUM framework through Trello platform.

LOGISOFT

CONSULTING S.A.S

Jan 2014 - Dec 2014

● **Junior Developer**

- Client: Impresistem, Responsible for performing the analysis, design and development of the corporate intranet, Analysis design and development of MySql databases, Development of Liferay 6.0 porlets, Training to end users of CMS Liferay, Development of employee portal (Intranet) in Spring Framework and HTML5.
