Marital Status:	Married
Address:	Calle 9 # 9-80 Funza, Cundinamarca
Telephone Number:	3192665259 - 3136943317
E-Mail:	stay_together7@hotmail.com lagunawilson@gmail.com

PROFESSIONAL PROFILE

Training and knowledge in the Software Development; capable of responding to problems with leadership and commitment.

I'm Systems Engineer graduated from the Colombian School of Engineering "Julio Garavito Armero". I like to work, contribute and learn. In a teamwork, generally I am taking the group's leadership, but if there is a leader, I subject him and give the more I can for the benefits of the group and work. Usually when I don't know something, I make questions or consult where necessary in order to perform my job. Throughout the years, I have acquired knowledge in software development using JavaScript, JQuery, MySql databases. Wide knowledge developing Web Applications, Web Sites, Desktop Apps in .Net (C#, VB), management of databases with, MSSQL, management of Relational Tables, Views, Indexes, Stored Procedures and Functions.

That is why I consider myself capable of fulfilling expectations looking at a man who can carry out fully the work assigned to him based on acquired knowledge.

EDUCATION

Colombian School of Engineering "Julio Garavito Armero".
