ABOUT & PERSONAL INTERESTS

As a 31 year old frontend developer, I have a passion for building intuitive and engaging user experiences. I have a strong background in HTML, CSS and Javascript with demanded frameworks like React and Vue.js and I am always looking for new technologies and techniques to incorporate into my projects.

In my free time, I enjoy staying active and exploring the outdoors. Some. of my favorite activities include surfing, spearfishing and hiking. I also enjoy meeting new people and engaging with open-minded individuals who share my interests.

Overall, I am a highly motivated and dedicated individual who is committed to continuously improving my skills and expertise as a frontend developer. I am always eager to take new challenges and to collaborate with others to create innovative and effective solutions.
