Experience

2021-06 - Current

Senior Backend Developer

EPAM, Remote

- Collected, defined and translated user requirements into project designs and implementation plans.
- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Updated old code bases to modern development standards, improving functionality.
- Collaborated on stages of systems development lifecycle from requirement gathering to production releases.

2020-12 - 2021-04

Senior Engineer

Southworks, Remote

- Orchestrated efficient large-scale software deployments, including testing features and correcting code.

2015-03 - 2020-11

Software Developer

IguanaIT, Remote

- Collaborated on all stages of systems development lifecycle, from requirement gathering to production releases.
- Performed regression and system-level testing to verify software quality and function prior to release.

2013-07 -

2015-02

Software Engineer

Devfactory, Remote

- Authored code fixes and enhancements for inclusion in future code releases and patches.
- Conducted regression testing, analyzed results and submitted observations to development team.

2013-01 - 2013-05

Java Developer

Webdatacast, Remote

- Gathered and defined customer requirements to develop clear specifications for project plans.
- Discussed project progress with customers, collected feedback on different stages and directly addressed concerns.
- Adjusted design parameters to boost performance and incorporate new features.

2012-04 - 2013-01

Projects Engineer

Nexura, Cali, Valle

2010-06 - 2012-04

Senior Analyst

Newshore, Manizales, Caldas

- Revised, modularized and updated old code bases to modern development standards, reducing operating costs and improving functionality.
- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Introduced agile methodologies and effective development best practices to division to enhance product development.

Education

2004-08 - 2009-07

Bachelor of Engineering: Computer Science

Universidad Del Valle - Cali, Colombia
